DETAILED ACTION

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

1. Claims 1-8 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hendrikx EP 1 060 662 in view of Gerhardi 3,405,688. Hendrikx discloses the invention as claimed except for a second pin. However, Gerhardi discloses an ear tag 41 secured to an animal ear by pins 34. It would have been obvious to one of ordinary skill in the art at the time the invention was made to modify Hendrikx by having one additional pin in view of Gerhardi for preventing rotational movement of the ear tag about the first pin.

Regarding claim 2, Hendrikx discloses the cutting head 5 and the cap 15 having depressions for receiving a sample of tissue material 10. Note figure 4.

Regarding claim 3, Hendrikx discloses the pin 2 as shown in figures 1-3.

Regarding claim 4, note figures 1-4.

Regarding claims 5-8, the Hendrikx device is inherently capable of performing the recited method steps.

Response to the Applicant Remarks

2. The applicant arguments filed on 7/3/06 have been fully considered but they are not persuasive. The amended claim 1 required new ground of rejection, a combination of the Hendrikx and Gerhardi references.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
